MEMORANDUM FOR THE RECORD

SUBJECT: [ ] Identification of FDSP Address in  
Belgrade

1. [ ] This memorandum details [ ]  
identification of the Belgrade address for the Yugoslav  
Federal Directorate for Supply and Procurement (FDSP). I  
have coordinated this memorandum with team members [ ]  
[ ]

2. [ ] In early April, officers from the [ ]  
[ ]  
requested [ ] analysts to confirm an address for FDSP in  
Belgrade; I believe that this address was a post office box  
address. The team provided [ ] locations of  
FDSP sites in Yugoslavia, [ ] Bulevar Umetnosti 2 in  
Belgrade. This address apparently was the target which NATO  
forces intended to bomb last Friday night when they struck  
the Chinese Embassy.

3. [ ] News reports this past weekend indicating  
that FDSP had been the intended target for last Friday's  
attack prompted us to review the information we provided to  
[ ] We remain confident that the Bulevar Umetnosti 2  
address is correct based on the following sources:

- FDSP publications identify this as the firm's  
headquarters. Indeed, searches of FDSP's Internet site on  
both 7 April and 9 May 1999 showed this to be the firm's  
location.

- Various [ ] between 1994 and December  
1998 also confirm that this is the firm's location.
